TRUTURN
PRECISION ENGINEERING

REACH Statement

Truturn Precision Engineering is committed to compliance with the EU REACH Regulation (EC 1907/2006) and UK REACH (UK SI 2019/758).

Role under REACH: We are a downstream user and do not manufacture or import substances in quantities that require registration.

Articles: The precision-engineered components we supply are classified as articles under REACH and, to the best of our knowledge, do not release substances under normal or reasonably foreseeable conditions of use.

Substances of Very High Concern (SVHCs): Our products do not contain SVHCs above the 0.1% w/w threshold. Should this position change, we will notify customers in accordance with Article 33 of REACH.

Supply Chain Assurance: We source materials, substances, and mixtures only from reputable suppliers who confirm compliance with REACH and provide Safety Data Sheets where applicable.

Ongoing Commitment: We actively monitor updates to REACH regulations to ensure continued compliance.

Statement of Assurance

Truturn Precision Engineering confirms that, as a downstream user, we comply with all applicable obligations under REACH.
